### Covid-19 Levels

Thank you for your continued understanding during the changes with delivery of your healthcare.

Amuri Health Centres doors will now be unlocked.

We still have protocols in place and respectfully request that patients adhere to these, this helps to ensure we maintain a safe environment and available service for the Amuri community.

If you have any respiratory, flu/cold like symptoms, sore throat, or cough, please do not come to the health centre unless you have phoned in advance to arrange an appointment. This will help to reduce the chance of infection. We will continue to update the Facebook page and web site along with the weekly newsletter with any changes to Amuri Health Centre's opening and appointment availability.

If you are unsure or have any questions, please ring the health centre to talk to the receptionist or the practice nurse.

### Invoices

Amuri Health Centre would like to advise all patients that we are hoping to reduce the use of paper and printing by sending any outstanding invoices where possible by email or text. The receptionist will continue to update your records, so we have the correct contact information on file. Some of our families have shared emails or like their invoices to go to a dedicated account holder, please confirm your preferences on this with the receptionist at your appointment to avoid any privacy concerns. We will not move to paperless options until the end of July and for those who do not have an email or mobile phone, we can continue to post a paper invoice.

We still have a pay on the day policy where possible and are now able to take 'contactless payments'.
