INTRODUCTION
9.00am

Welcome to Delegates and Housekeeping

Wayne Jamieson: Marketing Manager, CES

KEYNOTE SPEAKER
9.00am-9.50am

"Let's Chat About Plain Sailing"

Lorraine Vincent:

Chief Refresher, Refreshbiz

When we reside in the 'engine room' of education, what are some simple tools to ensure our pistons are pumping? It takes a special engineer to keep cogs oiled, customers happy and the ship away from icebergs. At the end of each day when we're docked, what makes us want to sail again tomorrow? Lorraine will offer navigation tips for the special crews who keep our vessels of learning afloat, rigged and ready for anything.

"The speakers were absolutely amazing and inspiring..."

Jackie Wilson-Baker

Workshops

1 10.30am-11.45am
Session One

Google Docs, Slides and Add-ons*

Rob Clarke: e-Learning Specialist

Discover short-cuts and handy tips to use in Google Docs and Slides, get answers to frequently asked questions, and find out how Google Add-ons help to make Google Docs an even more powerful and useful tool.

Topics will include:

- how sharing works;
- Google Presentations/Slides;
- examples of templates to save time and streamline school admin;
- formatting documents;
- where to continue your professional learning

Time will be allocated for questions.

Google Forms

David Kinane: e-Learning Specialist

Google Forms is a great way to communicate with staff, parents and your community. Find out how you can create forms to survey parents on specific issues, or ask staff members for their menu preferences on 'Three way conferences', and many other administrative functions. Used in combination with Google Sheets, Google Forms can be used to collate, sort and organise data which allows you to rapidly access and analyse information.

Time will be allocated for questions.

Office 365: New Features

Ripped Orange: Microsoft Specialist

What is new in Office 365 for Education? Get an overview and learn how to create, edit and collaborate using its free apps and classroom tools. Topics will include:

- working with documents;
- Sway for designing newsletters;
- forms;
- OneNote – for note-taking;
- Stream – your private YouTube channel.

Excel: Hands-on Session for Intermediate Users **Part One****

David Jackson: Microsoft Specialist

This session is designed for intermediate users that need to analyse, report and present information with Excel. Topics include:

- how to construct functions;
- useful Functions for your school;
- conditional Functions (IF, AND, OR);
- sorting and filtering data;
- creating and working with charts;
- creating Pivot Tables.

Limited to 16 people: early booking essential.

(This workshop continues in Session 2)

The "Dark Art" of Banked Staffing

Wayne Facer: Education Enterprises

Wayne will unravel the "dark art" of banked staffing. He will share tips and informative advice on how to exploit the loopholes to gain maximum benefit for your school. His light, easy-to-digest manner will leave you with increased knowledge and confidence. Wayne will also provide examples of how to interpret banked staffing reports and spreadsheet models, and how to manage banked staffing over a changeable year. A number of resources will be later forwarded to all participants which make understanding banked staffing so much easier.

Developing the "Will to Achieve" (Setting and Achieving Goals)

Ian Harper: Motivational Speaker, STEM:NZ

This is a practical model for developing realistic and practical goals and it creates the "Will to Achieve" them. Using this model:

- affirms each person's ability to achieve goals;
- ensures that goals are realistic;
- teaches and motivates;
- builds and strengthens self esteem.

Participants will be able to:

- 1) Identify what they have achieved;
- 2) Identify what they are currently achieving;
- 3) Identify what they **will** achieve (goals);
- 4) Identify what they **may** achieve (aspirations).

This exercise produces a 'moment in time' on which future actions are based.

Self Organisation & Time Management

Rosita Guy, Rosita Guy Associates

Organising oneself and managing one's time increases productivity and achieves goals. Learning to work smarter not harder is the secret to success – both personal and professional.

Topics will include:

- maintenance versus progress tasks;
- urgent versus important;
- handling interruptions;
- saying "no" by negotiation;
- coping with crises;
- avoiding procrastination;
- delegation;
- SMART goals;
- minimising stress to improve mental wellness.

In this hands-on workshop we'll show you how to properly set-up and manage your school's Facebook page effectively. We'll even show you free online tools and how to use them to keep your FB page looking amazing and up-to-date. **Plus** – participants will get a **FREE** guide to Facebook Essentials for Schools !

How to be Happy at Work

Ian Harper: *Motivational Speaker, STEM:NZ*

This session will look at how our "wants" can make us happy in the short-term, but the side effects often end up making us less happy. Focussing on our "needs" however usually has long-term benefits in regard to job satisfaction and contentment. Ian will provide guidance in three aspects (choices, needs and goals) which participants can use in the pursuit of maximizing their potential, recharging their energy and enjoying their work and home life.

Communication Skills for Harmony and Productivity

Rosita Guy: *Rosita Guy Associates*

Communicating clearly and consistently helps to prevent difficult situations in your workplace. Examining your communication and management styles will assist in discovering whether you contribute to misunderstandings, incomplete projects, late deadlines or inaction. By communicating effectively leaders will increase productivity as well as fostering on-going working relationships to retain skilled employees.

3 2.00pm-3.15pm Session Three

Google Sheets

Rob Clarke: *Learning Architect*

If you have used Microsoft Excel then Google Sheets will not be too different. In this session you will learn how to use Google Sheets to enter data, use the auto-fill functions, create charts, pivot charts and use formulas to make working with large sets of numbers easy. In combination with Google Forms and the Autocrat plug-in, Google sheets can be used to auto-generate invoices and many other handy automated functions. **Time will be allocated for questions.**

Google Drive: Managing Files and Folders, and Google Chrome

David Kinane: *e-Learning Innovator*

G-Suite is a collection of apps that function similarly to Microsoft Office, but are distinctly different. This workshop will look at organising folders and sharing files in Google Drive. Google Docs has powerful collaboration tools, including revision history, the comment and chat feature, and the 'suggesting tool' for tracking and suggesting changes to documents. This workshop will also be looking at useful 'extensions' in Google Chrome, including BitMojji, Grammarly, Page Ruler, Split Screens etc.

Time will be allocated for questions.

Word: Hands-on Session for Intermediate Users
