

# MY REVIEW OF TERM 2

**By - Greer Bettridge**

# Winter Sport

Term 2 was an awesome term. I got really excited when I found out that we got to trial for a winter sport team. I was happy to find out that I got into the A team for hockey. I was really excited for my first game. The bus ride was a bit odd but still we had a great game of hockey. The A team and B team are both very good at hockey.

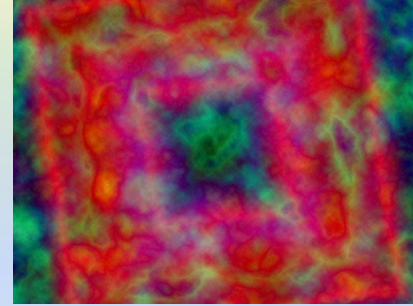

# Passion Project

I also really enjoyed Passion Project. I did a lot of passion projects. I made an infographic with a collection of short stories, and I made an infographic with Sophie W and Lily T. We made our own.

I also made sherbet for my first project. And for my second project I made creative cookies and we were trying to make them look good but they didn't work out, but they still tasted good.

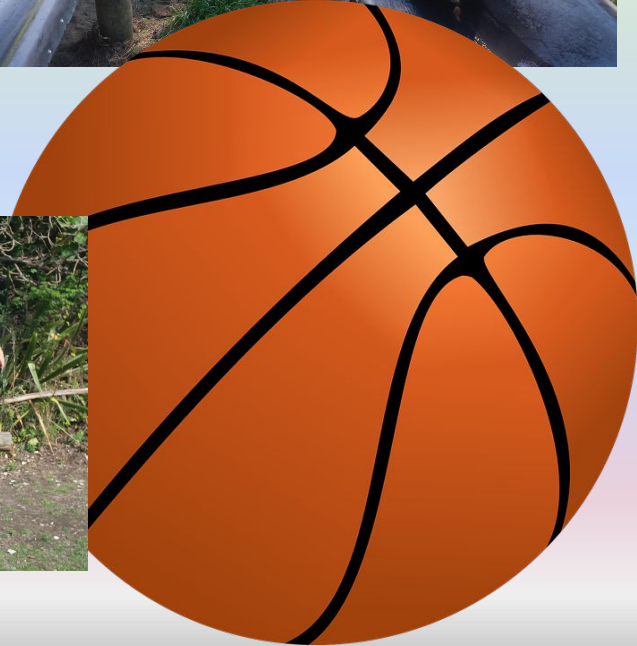

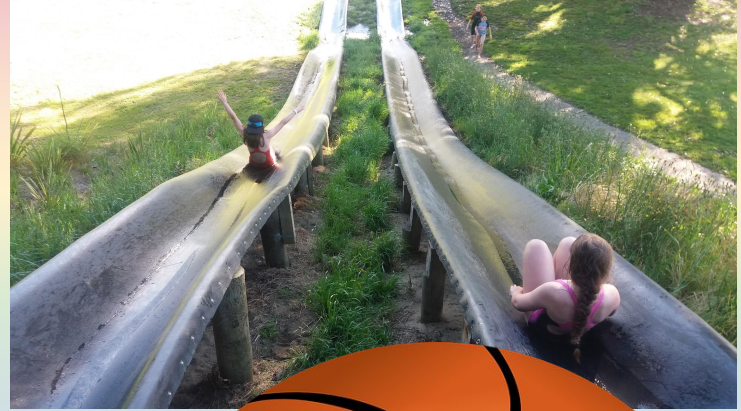

# *Sherbet*

# ***Fitness***

*I have really enjoyed fitness last term. I enjoyed the beep test. If you don't know what a beep test is, it is when you run from line to line. When the speaker goes **beep** you run to the next line and if you don't make it to one line you are out. It is harder than you think, but it is also a lot of fun.*

# **Basketball Tournament**

In term 2 there was a basketball tournament and I was in the team with Lily, Tayla, Mira, Sophie A, Avia, Leah, Natalia and Xanthe.

We were the girls' team and there was also a boys' team. Out of all the girls teams we came first, and now we get to go to the Canterbury Champs.

A landscape photograph featuring a vibrant rainbow arching over a calm body of water. The rainbow's colors are clearly visible, transitioning from red at the top to violet at the bottom. The water is a dark, muted blue-grey. In the foreground, a grassy hillside slopes down from the left, with some small trees and shrubs. A thin, low-lying strip of land or island is visible in the distance, where the rainbow appears to be touching down. The sky is a uniform, overcast grey. The text "THE END" is superimposed in the lower right quadrant of the image.
