

Hoiho Learning Grid: Week 6, Term 2

Reading	Maths	Writing	Science
<p>Online Reading Use the link to find books you can read online.</p> <p>Online Reading</p> <p>Below is a link to Journal's Online. When you open this link you will see a number of different texts, and types of texts that you can read on. Scroll down and click on the red "TEXT" image to open anything that interests you.</p> <p>Journal Reading</p>	<p>Mathletics Well done those of you who are working in your Mathletics account. Log into your Mathletics account to complete learning and practice tasks.</p> <p>Maths Links Click on the links or use the web address to complete tables and maths knowledge practice. I'm hoping you are taking some time to practice your basic number facts (tables). The Tables Practice site is really good for this.</p> <p>Tables Practice www.arcademics.com/games/meteor</p> <p>Maths Practice maths.prototec.co.nz</p>	<p>Spellodrome Using your Mathletics login you can switch to spellodrome to work on spelling activities.</p> <p>Word Skills Task. Create and write 5 sentences in your book which each contain adverbs. We spent some time on adverbs in class. They give our writing so much more detail. Eg. Tim walked quietly(adverb) along the beach and saw a seal.</p> <p>Here are 5 adverbs you could use for your sentences. I'm quite happy for you to use other adverbs if you wish. (thoughtfully, skillfully, cleverly, sadly, enthusiastically, cheerfully).</p>	<p>Mystery Science Again, Doug presents some interesting ideas. We could even look into making a battery some time following Doug's explanation.</p> <p>How Batteries Work</p> <p>Making Plastic</p> <p>Sleeping Fish</p>

Take some time to appreciate and enjoy nature.
