The El Niño summer

It's official, NIWA has announced we are in for an El Niño summer.

New Zealand will tend to experience strong, more frequent westerly winds. An El Niño summer also means above-average temperatures which increases the chance of drier-than-normal conditions and windy weather. This can impact the amount of water available, for uses other than essential drinking, cooking, cleaning and stock water.

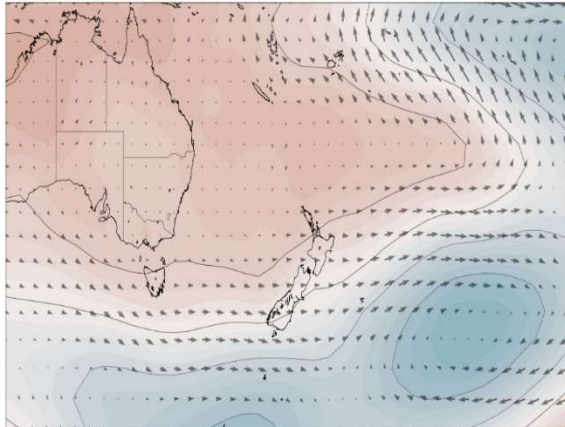

Drier-than-normal conditions can cause the ground to move, which some of the older pipes don't like and can tend to break. If this happens, it will disrupt the water supply as sources will have to be switched off while the broken pipe is found and repaired.

Cast your mind back to October when windy weather disrupted the water network right across the district due to power outages. Only Council's major pump stations have back up-power, and while we have a few portable generators, we rely on Council reservoirs to keep water flowing. In many places this is enough only water for a few hours, should power be lost.

Some of these disruptions can mean it takes a day or two to get the water flowing. In the height of summer when demand is at its greatest, do you have enough water storage to keep your operation running for three days?

You can read more about Hurunui District Council's Three Waters Bylaw and Policy here: <https://www.hurunui.govt.nz/roading-water/water/three-waters-bylaw-and-policy>

West Ward Councillors Update:

Thank you very much to this publication for including this update in your newsletter.

The Local Electoral Act requires all local authorities to review their representation arrangements at least once every six years. This process is called a Representation Review; I am 1 of 4 Councillors on the Review Committee that will make recommendations to our Council in February and your views will then be sought in March as part of a formal consultation process. The representation arrangements decided on during this process will be used for the 2025 local government elections.

Although there was a Census carried out this year, data will not be available in time for us to use this, so Statistics NZ have required us to use the 2018 data which is disappointing, as we believe there has been significant population growth in some areas of the District.

We are required to carefully consider effective representation of communities of interest and ensure fair representation e.g. if Wards are used again, we have to apply the +/- 10% rule to ensure equality per elected member. Community Boards also have to be considered, along with Maori wards and whether to support first past the post or single transferable vote. Information will be provided nearer the time about what is being proposed and I invite you to look out for that and provide feedback, as it is important to us that you feel you are fairly represented.

On behalf of all West Ward Councillors, I wish you all a very happy Christmas and all the best for 2024. Cheers Karen.

AMURI COOPERATING PARISH

Christmas is traditionally a busy time with harvesting, shearing, end of year events, times of transition and family get togethers. Jesus may be the reason for the season however, though it is part of Kiwi culture, many barely know the story behind the holiday. We're all part of a much bigger story...

Meningococcal Disease Update 2023/2024

Living in shared Hostel / Boarding / Barrack environments can put you at greater risk of developing Meningococcal disease.

Diagnosing and treating this disease is not easy. Awareness and prevention play a vital role in minimising cases, resulting in better outcomes.

Remember - if students have 'flu-like' symptoms it is important they seek medical help early.

Vaccination is available, providing protection against several NZ strains of the disease for up to 5 years.

These vaccines are available at, and recommended by, Amuri Community Health Centre.

There are 2 vaccines available to cover the most common strains, **Bexero** (Meningococcal B) and **MenQuadfi** (Meningococcal ACWY) both are fully funded for those who meet the criteria.

Phone **03 315 6328** to book an appointment or for more information, to discuss with a practice nurse.

NB – The MeNZB vaccination programme between 2004 and 2008 only provided short term protection against group B strain during the epidemic and offers **NO** protection against other strains.

It gives us great pleasure to announce that Jessica Shearer and Sophie McDonald have received grants from the Clare Chaffey Scholarship for 2023. Both will be studying for a Bachelor of Nursing (3 years) starting in 2024 with Sophie also planning to study midwifery. We also acknowledge Harry Gardner; a past Clare Chaffey Scholarship recipient; who has received the prestigious Wolf Fisher Scholarship to study towards a doctor of philosophy (PhD) degree at Cambridge University in the UK.

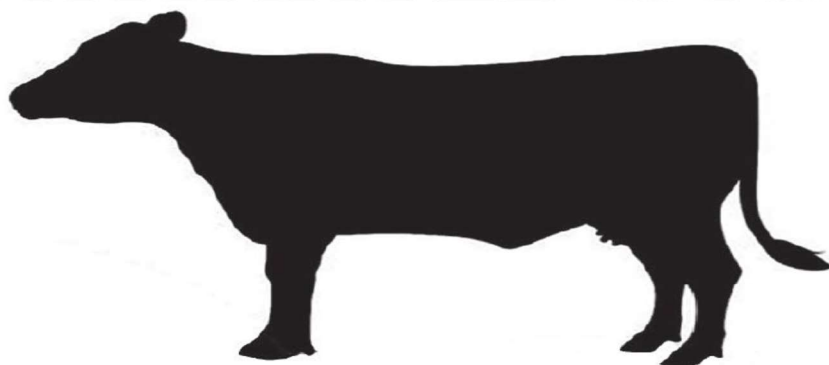

As we reported last year the Culverden and Waiau Plunket Rooms have been returned to community ownership with the ACT holding the titles for these properties. These rooms are available for the community so please make contact with an ACT trustee if you or your organisation/group would like to use them.

The ACT acts as an umbrella group holding funds for other organisations, we have held funds for the Community Response Group for the last few years. This group is now in recess but we would like to acknowledge the good work they have carried out especially their care for citizens through the COVID lockdowns.

The ACT appoint the directors to the Amuri Health Care Board on behalf of ratepayers. Our thanks to the AHC Board; Meg Macfarlane, Jane Schwass, Ken McIntosh, James McCone, retiring director Marie Blomfield and recently appointed director Alastair Kenyon; for the many hours of voluntary work they do running our Medical Centre. The ACT has assisted the AHC with finance of \$3,000 for staff training for skin lesion removal and \$1,000 for patient travel to specialist appointments in 2023.

The ACT trustees; Don McLean, Grant Hay, Tom McIntosh, Judy Meikle, Anne Gardiner and Jane Northcote; wish you a safe and happy festive season and look forward to assisting our community again in 2024.
