

Locker Application

The College has available 1,000 lockers for students at the beginning of 2019 for Years 9 to 13. If you would like your daughter to have the use of a locker either; pay by internet banking into our bank account:

030518 0027013 002 – Wellington Girls College School Account
Reference=daughter's name and 'locker'

or tear off the remittance advice and return to the College together with payment (if not paying by internet banking), via the drop box in the Atrium.

The lockers are of steel construction and will be secured by either a combination lock or padlock supplied by you. When valuable items, e.g. sports bags, shoes, jackets, blazers or electronic items are going to be stored in the locker, it is essential for a lock to be used.

There will be an annual rental of \$30.00 per locker to help cover the cost of purchase and administration. Each locker will be assigned to one student only. If your daughter wishes to share her locker with another student, she may, but only one student will be recorded as being allocated that locker. Students are allocated lockers close to their form room where possible.

Students must not put stickers/or labels in their lockers. There will be a charge for any locker that is defaced. All lockers must be left clear and clean at the end of each year. Any items left in lockers will be disposed of.

Payment received in 2018 will secure a locker and help with the speed of allocation at the commencement of the 2019 school year. If paid in 2019, there may be a delay of up to a week before allocation can take place. Locker numbers will be emailed to your daughter's school email address before the first day of term if you have prepaid or up to a week after payment is made if paid in 2019.
