

HONEY WRAP

FUNDRAISER

The Raroa Enviro Group are excited to be selling Honey Wrap this term! [Here is the link to the google form.](#)

WHAT IS HONEY WRAP?

Honeywrap is a natural reusable food wrap made from cool NZ designed organic fabric blended with beeswax, tree resin and jojoba oil. This makes the cloth tacky so it can be shaped over food sealing in the goodness.

Honeywrap lasts up to a year and is perfect for sandwiches and snacks in school lunches, which means no more plastic wrap in lunch boxes, rubbish bins and flying around school.

Honeywrap is easy to use and easy to clean, just give it a gentle wash in cold soapy water or sponge off with a dishcloth and it's ready to use again and again.

HOW MUCH WOULD THEY COST?

Honeywrap is on sale week 9 and 10 (June 25 – 29) and will be delivered to your child's classroom the first week of term 3.

Medium Honey Wrap the perfect size for wrapping sandwiches will be \$12.

WHY ARE WE DOING THIS?

Not only are you helping our earth and the animals, Honey Wrap will make bringing wrapperless lunches much easier. By buying the wraps, you are helping the Raroa Enviro Group fundraise for our goals to make our school more eco-friendly. It will help us get the materials for making composts, birdhouses, gardens, and so much more. By buying a Honey Wrap or going wrapperless you can change the earth, no matter how small the change, it makes a difference.

“BEE PART OF THE SOLUTION!”
