***Simplified Laws of the Game-**

**This is a guide and should be read in conjunction with the full FIFA Laws of the Game.*

- Futsal is commonly played on netball or basketball sized court in NZ with a goal measuring 3x2 metres.
- From a kick off, the ball must be played forward. A goal **cannot** be scored directly from a kick off.
- A team consists of 5 players, 4 court players and 1 goalkeeper.
- Unlimited "flying" substitutions. Players can re-enter the game from their substitution area (from their own defensive half when no markings) without notifying the referee.
- There is NO offside.
- When the ball goes out over the sideline, it is then placed on the sideline or up to 25cm behind the sideline. From a stationary position, the ball is kicked into the court to another player. All opposing players must be at least 5 metres from the ball.
- For a ball to be out of play or a goal scored; all of the ball must be over the line.
- A goal cannot be scored directly from a kick in unless it touches another player.
- Goalkeepers throw the ball from the ("D"-shaped) goal area to restart from a goal clearance.
- Goalkeepers **can** kick the ball from their hands when not a goal clearance.
- A goal clearance is when the ball travels over the defensive goal lines either side of the goal.
- The goalkeeper has 4 seconds time limit to control the ball, unless they are in the oppositions half of the court, at which they then have unlimited time.
- Goalkeepers are not allowed to pick up a back pass from any of their team mates.
- Goalkeepers after playing the ball cannot touch it again (any part of the body) in his/her own half of the pitch after it has been deliberately played to him/her by a team-mate without an opponent touching the ball.
- A maximum of 14 players per team. 5 court players-7 substitutions. (Local competition rules may vary on maximum number of players)
- The game has a 4 second time limit at kick-ins, corner kick-ins and free kicks.
- A player can score direct from a corner.
- Sliding and playing on the ground is permitted when not endangering a player.
- Dangerous play is not allowed.
- After 5 fouls a direct free kick is awarded to the opposing team for every subsequent foul from the second penalty mark. The foul count is reset at halftime.
- The second penalty mark (direct free kick) is 10 metres from the goal line
- During the game, a referee has the option of using 2 cards - Yellow, Red. 2 yellows=sending off-1 red=sending off
- When a red card or x2 yellows are issued the player that committed the offence remains out for duration of game. After 2 minutes of play, or if the opposing team scores a goal, then the team that had a player sent off can use a substitute to give 5 on pitch players once again.
- Referees have the right to warn, ask to leave or eject from the stadium, any spectator whom they feel is bringing the game into disrepute.
- The Referee's decision is final.

The Court

The court is generally a wood or artificial sports court material, although any flat, smooth material may be used. For international matches, the length of the court is between 38-42m and the width 20-25m. For club/school or other matches, it can be from 25-42m in length; while the width can be 16-25m. The length of sidelines should always be greater than the length of the goal lines. A rectangular 3x2m goal is positioned at the middle of each goal line. For futsal in New Zealand, an indoor netball court is most commonly used and is an excellent option for school and club play.
