

My Three Stars and a Wish

Matariki is a time of year to reflect on all the stuff you have achieved. Hiwa-ite-rangi is the star about wishes she helps you achieve your wishes.

Getting better at paragraphs in writing is one of the things that I am reflecting on. Over the year, I have been using paragraphs a lot more. Using paragraphs makes writing for me much easier.

This year I have learnt a lot of facts about birds. Birds are amazing animals, there are an amazing amount of types of birds. In New Zealand almost all of the native and endemic animals are birds. We have completed some art on birds, when our first piece of art was up on the string over us everyone was looking at mine.

For the first time I got a placing in cross country this year. It was an amazing experience to get second equal with my friend Alex and my other friend Lincoln came 4th. I will be going to cluster for the first time ever in any event.

My wish at school is to get house leader next term. My friend Fergus is a house leader this term so I really want to get house leader. I'm class councillor for my class so I know how to make and say a winning speech for an important place in school.

These are 3 things that I have amazingly done but I still have more to learn and do. Matariki is a time to celebrate what you have done and achieved. I really like school and I have some wishes at school I want to achieve.
