

ICAS Competitions 2022

Kia ora parents, whānau and caregivers,

ICAS assessments are an external academic assessment covering a number of learning areas. ICAS provide an opportunity for students to gain a measure of their own achievement against other students across the Asia-Pacific region. It provides students, parents and teachers with comprehensive reporting of results in each assessment.

We would encourage all students with high ability to participate in these external exams and encourage those students identified with strengths in Mathematics and English to sit at least one of these Assessments.

** Please note ICAS is separate from the KIWI Competitions running this term **

ICAS is an online assessment.
