

# *Sweet October*

## **Supporting those with incurable breast cancer**

I am pouring a cup of kindness this Sweet October because I am inspired by the courage of brave Kiwis and individuals struggling with the challenges of an incurable breast cancer diagnosis.

The funds I'm raising will help bring practical and emotional care and support to women with incurable breast cancer and make sure no one in New Zealand has to face a terminal diagnosis alone.

My Goal is to reach \$ 1, 000

For every \$600 raised, three women are able to enjoy an incredible memorable outing and amazing support. These are special moments for the individual, their family and friends.

Please sponsor me today and help me help Kiwis with incurable breast cancer. Thank you!!
