

# HOW THE ZEBRA GOT ITS STRIPES

By Blake Kemmett...

**Long ago in the wet and  
muddy jungle there was  
a race set to be held  
with 3 contestants.**

**The fast and furious  
tiger,  
the lightning quick Zebra  
and the tiny dumb and  
silly rat.**

**Three, two, ONE !**

**The race was ON !!! The zebra was it the lead till tiger swiped him off and left deep scratches on the zebra.**

**The zebra tripped and fell into a strange pile of "mud" it seems that this pile of mud was alive .\_. "mud" "mud" mud spoke with great RAGE.**

**This pile of mud flung  
the zebra out like a  
volcano exploding. As  
a result of the event  
zebra had stripes all  
in the scratches  
indents left by the  
tiger .**

**All of the other  
animals were  
traumatised by  
this and ran off  
into the jungle.**

**The zebra  
however trotted  
back to its home  
in the Savannah.**

**And Mr Zebra  
lived happily!**

**This story is full  
of action,  
animals and  
more!**
