TESTIMONIALS

KURUMI MORI | Japan

I am so appreciative that I came to Hillmorton High School because the teachers and students here are very kind and friendly. I was so nervous on my first school day, however, I felt like that I would be okay. That was because the teachers supported me and some students were nice to me even though we had just met each other for the first time.

NGAN DANG | Viet Nam

During my time at Hillmorton High School I have made great friends and memories. I really enjoy the various events and extracurricular activities at school such as the Cultural Day and sports. Everyone here is so supportive, and that pushes me to be my personal best every day at school!

CHAMABADEE SUPHAKIT | Thailand

Going to Hillmorton was the biggest change in my life, with the most welcoming experience as an international student. Both the fun times and the challenges I faced were important in my personal development to shape me to be who I am and where I am today.

CARLA HELLER | Germany

Coming to Hillmorton is a great experience for me. At first, I was a bit scared, going alone to a strange country. But my host family is so lovely, and I was part of their family immediately. School here is very different to Germany; it took me a little bit to get used to it, but people are helpful. I've found really good friends at Hillmorton and because of that I will be really sad when I have to go home.
