

# TAXI DEAL - EDGAR CENTRE

## INTRODUCTION

Getting your kids and teens from school to the Edgar Centre to play sport can often be a challenge for many families. We know many parents are often taking time off work to make it happen - by the time you do the school pick up, get to the Centre, find a park, and then wait for the game to start, it all adds up! We wanted to help by working with our brand partners, Dunedin Taxis, to find a practical solution for families.

Dunedin Taxis are offering set discounted fares from intermediate and secondary schools across the wider Dunedin area, to the Edgar Centre. These fares are less than the usual going rate for taxi fares, and can be made even more reasonably priced with families choosing to work in together to share the ride.

We have chosen intermediate and secondary age groups initially as they are more likely to require less parental supervision to get from school to be ready for games. If there is demand, we will look into arranging similar options for primary schools and full primary schools too.
