

18 May 2021

Dear Parents/Guardians,

Westburn School has partnered with ICAS Assessments on delivering our 2021 assessment strategy and we have scheduled the following assessments:

**ICAS Assessments – Writing**

**ICAS Assessments – Spelling Bee**

For these tests each students' device must have the required locked-down browser.

Please download the required browser onto your child's device by **DD/MM/YY** to ensure the device is ready for test day.

The instructions on how to download the browser onto your child's device are available here:  
<https://www.icasassessments.com/support/technical-requirements-locked-down-browser>

This secure locked-down browser is designed to do the following during the test(s):

- Prevents students from accessing other applications, web pages, software or hardware features and only provides access to the test player.
- Prevents use of operating system commands such as functions accessed by Ctrl-Alt-Delete.
- Disables features such as the camera, spell check, screenshot, home, keyboard shortcuts, back and power buttons.

For more information about these assessments visit <https://www.icasassessments.com/products>

Thank you for your cooperation.

Regards,

Andy Yates
