# Beginning our day.

- Be at school by 8:45 am
- Sign in, put bag and shoes away, greet friends and teachers
- Look at the 'What's On?' for the day

myTime

This will be a time for students to work individually, exploring an area where they can make a unique contribution to the world/community. There will be a project for this.

iTime

During iTime sessions, students are independently completing learning tasks that have been assigned to them. This will encompass key skills and content areas.

ourTime

This will be when students work use the skills and knowledge from iTime and myTime to collaborate with other students across the school on a needs-based project.

# School Opportunities

- School Band: Thursdays from 10am onwards
- A range of kaitiakitanga roles throughout the term
- Electives on Mondays - a variety of activities ranging from creative arts to sport and tech activities are offered. Starting in week 6
- Leadership opportunities in the form of coaching
- Pedal ready
- Various sports/athletic events throughout the year
- In term 1 we have cricket, futsal and also a rippa rugby tournament
- A range of school sports teams and events- miniball, netball will take place in term 2, swimming lessons will happen in term 2 swimming gala in term 3 and athletics & touch rugby in term 4
- Variety of co-curricular activities such as violin, guitar, speech and drama to name a few.

# Camp

- Forest Lakes in Ōtaki.
- More information about what the activities are will be provided closer to the time.
- Monday 30th November - Friday 4th December

# Lunchtime Opportunities

**Wednesday** = Tech Club with Andy

**Friday** = Gardening club with Steph

The library is also available to students during lunchtimes.

We this term decided to have only a couple of activities as the weather has been wonderful and gives the children a good break to be outside the hubs.

The Library will have different activities on offer, such as creating art, making small books, writing blurbs about exciting books they have been reading for others to see and read and Origami

# Home Learning

At Amesbury, we don't set homework as such because we realise that a school day is full on and that imaginative, creative and social play are really important to a child's development. We are also aware that students have other interests and may be involved in after school clubs or activities.

However, there are some tasks that can be completed at home if there is time.

1. Finishing iTime tasks
2. Practising spelling words/lists
3. [IXL](#) (Maths and Literacy practise)
4. [Matific](#) (Game based Maths practise)
5. [Prototec](#) (Basic Facts practise)
6. Independent reading
7. Creative writing

# Last Notices

- Illness/injuries - please let us know
- Lost property - named items will be given to students, unnamed or illegible items will be at the office.
- Contact - if you need more than a few minutes of conversations, please make a meeting time
- Absences - please email the office as well or fill out the online form
- Amesbury Communications - we use, emails, school app and the Website (digest & calendar)

Your child's whanau teacher is your first port of contact.

Teacher emails all follow the same format:

[firstname@amesbury.school.nz](mailto:firstname@amesbury.school.nz)

Eg.
