

Back to School Digi Tasks with Google

Tasks to get familiar with Google and get to know your class!

Google docs- a few of my favorite things!

1. Create a google doc
2. Make a table
3. Insert photos of your favourite things- animal, food, sports etc
4. Share it with a classmate or teacher

Google slides- Guess who!

1. Get your teacher to make a Google Slide ([or use this template](#)) and share it with your students so they can edit.
2. Each student gets secretly allocated a slide number.
3. On their slide add pictures or writing all about you- but leave out your name!
4. Share on the big screen and try to guess who is who!

Google forms- survey your class!

1. Create a Google Form. [Learn how to make one here!](#)
2. Add questions that will help you learn about your classmates.
3. Send the form or the link to your form to your classmates to fill out!

Master your Google skills!

- Sign in and out
- Create a new doc/slide
- Name it
- File it
- Share it
- Add pictures & text
- Change colours, font, size

[Google Help](#)

Google Docs- Class treasure hunt!

1. Create a shared document with a table with as many students you have in your class
2. Allocate an animal, colour, food, place to students or let them choose.
3. Each student inserts a picture.
4. Print a copy for each student
5. Students then ask each other questions to find out which picture is theirs!

Google Drawings- self portraits!

1. Create a google Drawing and create your own self portrait using the drawing tools!
2. Practice your skills first- [complete this pop art lesson here!](#)

Youtube- create a class playlist!

1. Create a playlist of songs to play in your classroom using Youtube playlists.

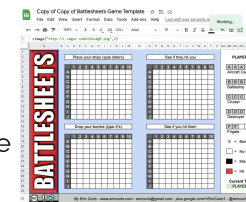

Google sheets- play battleships!

1. Students pair up and use the print out or use the digital doc to play battleships using coordinates to sink the battleships!

[Find the digital Google Sheets version here](#)

You could share it with your students or ask them to type in this link:
