Interpreting New Zealand

Interpreting New Zealand is a telephone language interpreting service. If English is not your first language, we can use Interpreting New Zealand to help you talk to staff here at the health centre.

Let a staff member know if this is a service that would be of benefit to you.

It is important you arrive **5 minutes** early for these appointments, to allow for connection to the service and not impact on your time for your consultation.

Alternatively, we encourage you to bring a family member or friend who can help you communicate with staff at the health centre if language is a barrier. Phone and speak with reception if you would like to know more or to arrange an appointment to coincide with an interpreter.
