Appointments

Moving into 2024 we continue to be very busy and the current wait times for non-urgent appointments are approximately 2 weeks. We appreciate your understanding and patience during these times.

While we understand that this may cause some frustration, we respectfully ask that you remain polite and courteous when speaking to the team here at Amuri as we endeavour to minimise any disruption.

We continue to triage and see acute presentations on the day when clinically required and politely remind everyone to be aware of when their medications or certificates run out, so we may offer a timely appointment.

An important note about glass recycling

How you recycle your glass in Hurunui will remain the same until 2027, despite new national standards being introduced by the government.

Led by the Ministry of Environment, under the Transforming Recycling legislation, most councils around New Zealand will be standardising the way their recycling and organics are collected, from Thursday February 1 2024, which includes kerbside glass recycling.

Hurunui District Council is one of three councils exempt from this change until 2027.

Please continue to take your glass to the transfer stations, unless you live in Hanmer Springs where kerbside glass recycling does happen.

For more information, click on the QR code below, or visit Hurunui District Council's website, and search under Kerbside Collections.
