Course Description:

The race will start on the rugby field next to the Kaikorai Valley College gymnasium. Run south on the grass fields, heading away from the school buildings. Run to the end of the grass fields and back towards the school buildings, skirting the outside of the fields all the way. Then follow the pathway along past the gymnasium and cross the creek on the bridge closest to the road. Turn left after the bridge and stay on the asphalt pathway. Head straight to the gate at the end of the pathway. Head uphill along the outside of the grass field (right hand side). On the top of the hill, run past the barrier onto the pathway in the tree break. Start heading back downhill. Athletes have to be careful running down the hill on the uneven path: do not pick up too much speed! Keep following the wide pathway in the trees until you get back to the grass field. Head along the field and back down to the gate. Keep running on the right hand side of the asphalt pathway and take a right turn onto the first bridge you come across. Over the bridge, turn right and run along past the gymnasium, back to the grass fields.

Year 5 and 6 Run past the start. Run across the upper rugby fields, go around the

cones and run back towards the gymnasium and finish banner. Do

NOT run on the bottom fields for a second time.

Year 7 and 8 Run past the start. And repeat exactly the same loop along the grass

fields. (Run south along the outside of the grass fields, head to the end of the fields, and run back towards the gymnasium and finish

banner).

The course will be marked out with cones all the way. Marshals will make sure everyone knows exactly where to run! Please note; due to changeability in the weather, the course may be subject to change.
