

Bayes Coachlines

Dear valued customer,

New Buses joining our Fleet / and a New look for some of our buses

We have some exciting news to share. We have a number of “New Buses” joining our fleet over the coming months. Brand New 40 seat buses, Bendy buses and Double Deckers!

Some of our existing buses will also be changing their look - from Bayes colours and name in to the Auckland Transport branding. We will still be offering the same great and reliable service as normal, the school runs will continue to operate exactly as they are now - picking up and dropping off at the same stops. And our Charter work will also operate to the same great standard it has always been.

Together we need to educate your students that the buses will look different, and to ensure they look for the route information in the front destination of the bus, the same bus drivers will continue to be driving the same bus routes.

These changes do only relate to the Hibiscus Coast school bus services, so 22 of the 85 buses in our fleet

With regards to the daily school charters, if you can please advise your staff that the buses will start to look different, they will still be our buses, but just branded in AT livery, and our drivers will be in an AT uniform.

We appreciate your business and look forward to continuing working with you.

If you have any questions please don't hesitate to contact us, we want this to be a smooth change over for everybody.

Warm regards,

From the Team at Bayes Coachlines

The new look coming soon ...
