

RACE RELATIONS FORUM

UNITY IN LOCAL COMMUNITY

How can we support change and self-care at a local level and foster community cohesion during times of international conflict?

Our Race Relations Week Forum this year takes the form of a workshop with collective discussion in break-out groups. The forum is supported by the Centre for Global Migrations and Ministry for Ethnic Communities. This is a free event, with food and drink provided. Please register for this free event by visiting this link: www.dmec.org.nz/rmw24/forum
