We would like to invite the pupils of your school to Heart Kids Sports Fest.

This is a way for children to try different sports, dance and have fun! Each code has half an hour of interactive activity. The canteen at the Edgar Centre will be open on the day to purchase lunch but the children are very welcome to bring their own. The bike course will be up and there is a bouncy castle too for the little ones along with Magic Max and face painting.

We hope to see you there!
