

POWERING AHEAD

Liam has always been keen on becoming an electrician and by enrolling in the Gateway Programme at Shirley Boy's he was able to put his passion into a reality.

Caltec Electrical took him on for his placement which he attended one day per week within school hours. After proving himself and completing the unit standards through the ITO Skills NZ he was then offered an apprenticeship.

This apprenticeship is being run through CPIT where he attends classes and works the remainder of his week with Caltec Electrical.

Last seen on a building site in Colombo Street, Liam confirmed that he's really enjoying his chosen career pathway and being hands on. He's even happier now that the cold winter months are finally nearly over!
