Prescriptions

To avoid running out of your medications, please make sure you check when they are next due and allow at least **two weeks** prior to that date, so that you have enough time to arrange an appointment to see the doctor and avoid disappointment.

When the surgery is very busy it may not be possible to get an appointment at short notice, and if an urgent prescription is required, a short prescription of **one week** may be given in lieu of an appointment with the doctor, these will incur an additional fee. All patients must be seen by the doctor every three months for repeat medication, unless otherwise indicated and documented by a doctor in the patients notes.

Thank you, Amuri Health

- Don't light fires if strong winds are expected
- Check old burn sites are completely out so that strong North Westerly winds don't cause a fire to flare up!
- IF old burn sites aren't fully out when fire restrictions start, you **need to apply for a permit** or put it out completely

Keep a close eye on the Fire Notice Board in front of the Fire Station

Visit - www.checkitsalright.nz for an update on the fire season status and/or if you need a permit. Real time fire danger and fire season data is also now available on all rural and urban forecast pages on www.metservice.com

Spring Reminders

- **Birds** are busy looking for nest building spots. Please check tractors, farm machinery & vehicles before use. Birds can build a nest in the short time it takes you to eat your lunch.
- **Windy conditions** – avoid travelling on the roads if possible. If you have to travel drive with caution as there is likely to be debris around.
