Keeping Our Young People Safe Online

Please join us for an engaging presentation from Brett Harvey of Tāima Kōrero on what adults need to know about devices, online media & protecting our young people from the harmful effects of the porn industry.

Thursday, August 24th, 7pm

Te Raekura Redcliffs School

113 Beachville Road

From the Taima Korero website...

“In today’s digital world, young people being exposed to pornography isn’t a question of ‘if’ but ‘when’. Pornography is sweeping through our society like a tsunami, and we have yet to see the long-term impacts. By providing strategies that allow parents and kids to work as a team, we can mitigate the harmful effects of pornography on Aotearoa’s young people.

Tāima Kōrero equips parents and educators with the tools to effectively talk about pornography with young people. By having the right conversations in a timely way, we can reduce the impact of pornography and support our young people to have healthy sexual relationships as adults”
