

Digital Technologies | Hangarau Matihiko Curriculum Consultation Workshops

Last updated: 29 June

New Zealand is a digital nation. Digital technologies are transforming how we live – shaping our homes and our workplaces, and changing the way that we interact with each other and live our everyday lives.

We want to hear from you. As a part of our nationwide curriculum consultation, opportunities to learn more and provide your feedback will be available at regional workshops taking place across New Zealand through July and August 2017.

Multiple sessions will be provided in each region, and will be targeted to specific audiences:

- **Morning session** - focused on school, kura and kahui ako leaders and members of Boards of Trustees
- **Afternoon session** - focused on teachers and kaiako - split into two workshops, English and Māori medium
- **Community evening session** - focused on parents, whānau, community and industry

The table below provides the list of available dates for each region. Please register your interest in attending one of the workshops [here](#).
