Join our BIG power tender group for FREE and you could save!

A number of the All Churches member denominations are working with CSC Buying Group and Nice1 to achieve savings on your power and gas. To date, Nice1's power program has identified close to \$1 million of savings across 1500 connections. In March 2019 we are taking all this business, plus more, to market tendering the total portfolio to the main retailers.

This is your opportunity to participate and achieve savings for your own organization!

This offer is open to all churches and / or affiliated businesses of AllChurches member denominations. You can also invite your friends and family but **this is a business tender only**, residential connections cannot be included.
