

When you purchase we donate!

One of the many things we do well here at North Otago Pastoral Services is support our local community, and we are excited to announce our next campaign. **We are proudly supporting the Network Waitaki Events Centre Development**, and now you can too! Purchase any of our featured products and we will make a donation to this great cause.

The planned, multi-purpose, 6 court stadium will open up many new opportunities for attracting people to our region, offering better facilities and a venue to accommodate larger tournaments for the likes of netball, basketball, futsal, volleyball and more.

Drench pour on specials. Purchase now, pay June!
