

Korea Festival 2021 in NZ Schools Guide

“A great opportunity to explore the Korean culture within your school!”

New Zealand schools in Auckland (limited vacancies for other regions) have the opportunity to apply special activities that increase students’ knowledge and understanding of Korea. The professional instructors will visit your school and run Korean cultural classes for your students. The programme can be arranged in your regular timetable (e.g., Taekwondo as a PE and K-pop classes as a Dance class, etc.) or also be organized as a cultural/after school programme and school club/extracurricular activities.

The schools need to meet all the requirements (venues and facilities) and the number of participants. The costs are covered by the Korean government.
