SELF DEFENCE

Guardian Angel

Child Safety & Empowerment Programme

A 2 hour seminar for parents to attend with their children (aged 7-14 years old) the ethos of Guardian Angel is simple. It teaches children that most people are good people who would never hurt a child, but that there are some dangerous people out there that they need to be aware of.

By teaching kids to recognise the most common 'lures' and manipulation techniques used by predators, children emerge feeling more confident about the world and safer in the knowledge that they know who to trust. A confident, alert and communicative young person is far more able to avoid child abuse, predatory assault - and simply stay safe.

In particular, Guardian Angel eschews the old adage of 'stranger danger'. With over 90 percent of offenders known to the child or the child's family, making kids fearful of strangers when they might need to ask one for help, is a mistake and can actually make them more vulnerable. Empowerment and confidence are the main messages of this course, not mystery and mistrust.

Date: Saturday 6th June

Time: 1:30pm – 3:30pm

Venue: Casebrook Intermediate School Hall, 100 Veitch Rd, Casebrook

Cost: \$50 (*This is a discounted price owing to Pulse Taekwon-Do's accredited trainer status with Protect Self Defence and all the profits from this seminar will be donated to the Family Help Trust – www.familyhelptrust.org.nz.*)
