Maternity Consults

Eligible patients may access funded visits for maternity consultations here at Amuri Health if they need to see the GP during the first trimester for maternity related appointments, this can be alongside the care they receive from their midwife. Also, some urgent maternity care with the GP is also funded.

Confirmation pregnancy testing is funded if you have seen the GP at the appointment.

If your appointment is with the practice nurse only, or the result is negative, the testing will be charged as the funding is only available here when the GP is involved with your maternity care.
