## Northcote Road Railway Crossing Upgrade

### What are we doing?

We will be upgrading the rail crossing on Northcote Road at the Vagues Road intersection. This work will be carried out 24 hours per day over the weekend **from 6:00pm Friday 1 February to 7:00am Monday 4 February**. Northcote Road will be closed during this time.

We need to set up the site in preparation for this work and remove and reinstate the island. This work will be carried out **from Monday 28 January for five days and from Monday 4 February for five days**. It will also require us to work some nights over this period.

### Night works:

Night work will be carried out **from Wednesday 30 January for one week**. You will notice light and noise coming from the site. Activities such as concrete cutting are required to complete this work within the short time frame.

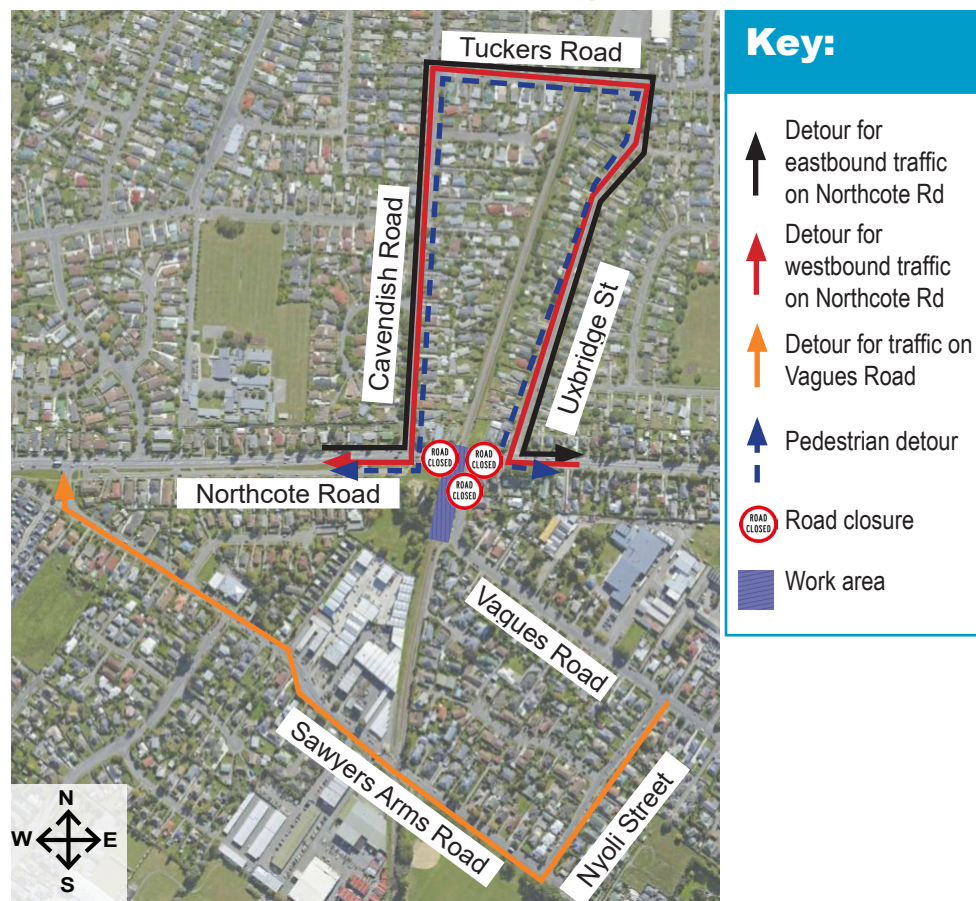

We know night work is more disruptive for residents. We aim to complete this work as quickly as possible. We appreciate your patience during this time.

### Traffic impacts (rail crossing upgrade):

**From 6:00pm Friday 1 February to 7:00am Monday 4 February**, Northcote Road will be closed at the rail crossing. Vehicles, cyclists and pedestrians will be detoured around this closure via Cavendish Road, Tuckers Road and Uxbridge Street.

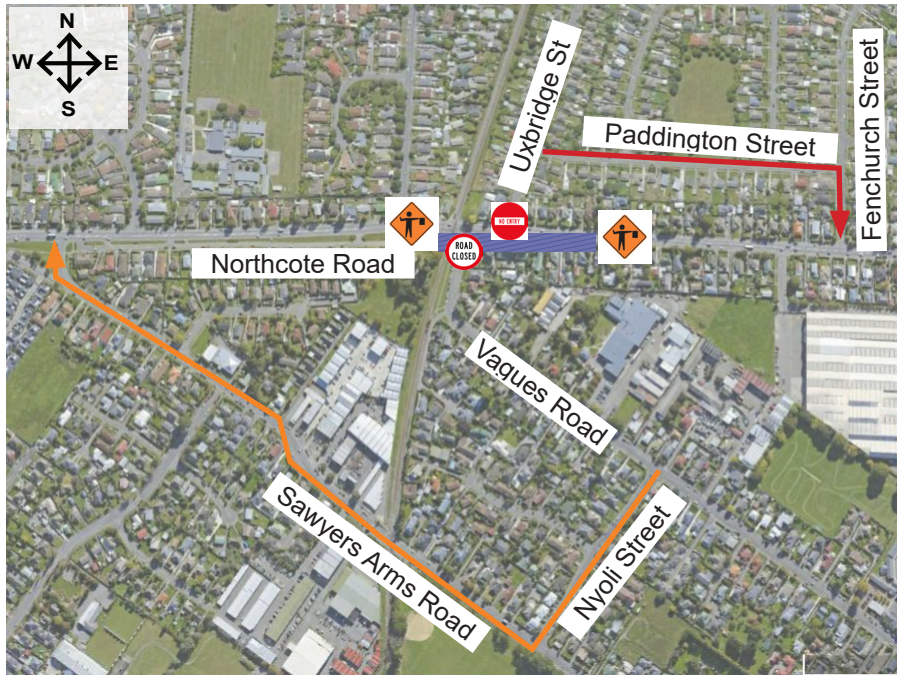

Vagues Road will be closed at the intersection of Northcote Road. Traffic will be detoured via Nyoli Street and Sawyers Arms Road.
