

Digital Assessment for November Examinations

In 2014 and 2015 St Hilda's took part in the Mathematics trial for the Level 1 mCAT. In 2016 History, Geography and Spanish used the NZQA trials as preparation for the November examinations (all in Level 1), and English had volunteers taking part in the Level 1 digital external examination (called a pilot). In 2017 St Hilda's was part of a group of thirteen schools that took part of a co-managed trial using the digital format for both school examinations and the November external examinations in English at Level 1 and 2. In 2018 digital trails expanded Level 1 Science, Level 2 and 3 Media Studies and digital pilots in all three levels of English. In 2019 saw us offering 9 subjects: English and History levels 1,2 and 3, Media Studies levels 2 and 3 and Art History level 3.

In 2020, NZQA is offering over 50 subjects digitally, across NCEA levels 1, 2 and 3 for the November external examinations. The subjects for St Hilda's are: English, French, History, Media Studies and Spanish.

Students voluntarily enter these digital examinations. There will be familiarisation activities provided by NZQA and our benchmark examinations will also be offered in the digital format.

We will be sending out a form for students to complete by the end of this term.
