Rural Support

2021 has been a HUGE year so far for our community, particularly for our farmers. Trying to navigate their way through another bad drought and then coming into winter with torrential rain and flooding.

Amuri Community Health Centre, in collaboration with Rural Support Trust, wish to let our farming community know that they are not alone, and we are here to help.

If you or anyone you know is currently struggling with the fall out of these stressful times, then please let us know. The Health Centre can offer a **FREE** consultation with a doctor to discuss mood and coping strategies and liaise with the Rural Support Trust to provide ongoing practical and peer support as needed.

Please call us:

**Amuri Community Health Centre: 03 315 6328 or,
Rural Support Trust: 0800 787 254**

Car Park – Winter

The weather has been very changeable of late, lots of wet and windy conditions. There has also been a warning for ice/snow, and we would remind patients that the car parks in front of the building and entrance, are prone to be slippery in frosty conditions.

There is still some grit to this area to alleviate the problem, but please still take care.

The faraway parks are a good option for early morning appointments on frosty days.
