2. Entries must have been taken within 12 months of the closing date.
3. Images previously gaining an award in this competition, or work almost identical in style and subject matter, may not be re-entered in any sections of this competition.
4. Only two entries per section, per entrant.
5. Entrants shall enter either the Amateur or Pro/Semi Pro sections, but not both.
6. All image content must be the original work of the entrant.
7. Entries may be colour or black & white (unless the category specifically calls for black & white images) and may be trade processed.

10. There are no size restrictions for the Semi/Professional category and we recommend entries be suitably matted in white, unless they are too big for matting. Entries should not be framed.
11. Digital altering of the images is acceptable but the organisers and the judge(s) reserve the right to reject any image where the degree of manipulation is deemed excessive.
12. The judge(s) reserve the right not to select and display entries. The decision of the judges is final.
