

# Be part of Canterbury's biggest...

## Open → Home!

Join us at the  
**NEW Canterbury  
Cancer Centre**  
Community Day

**Sat 30th  
September**  
**10am-2pm**

The new Canterbury Cancer Centre in Langdons Road, Papanui is an amazing facility funded by the community for the community. The centre has a dual purpose – it will be both a hub where Cantabrians with any kind of cancer can access services to help them live well with cancer and a place for people from around the South Island to stay while they receive vital cancer treatment.

To celebrate the completion of the new centre we are throwing open the doors from 10am to 2pm on **Saturday 30th September** and inviting the public to visit and be part of **Canterbury's Biggest Open Home!**

Hils and Fitzzy from the Breeze's morning show will be there, there will be food-trucks on site to provide great coffee and food options, and we are planning fun and informative events throughout the day.

We would love to invite you to be part of this very special day.

See you there!
