### AMURI DAIRY FARMERS SHARE THEIR NEWS CELEBRATING THEIR CARBON FOOTPRINT

We know that our New Zealand milk is the best in the world. But it is always satisfying to get proof. There has been a new study published in the American Dairy Science Association's journal that confirms our milk has a lower carbon footprint than milk from other countries.

The numbers are impressive. Fonterra's on-farm carbon footprint is 0.78kg/litre – about a third of the global average. We're able to do this in New Zealand because of the unique provenance of our milk. Our climate, energy sources and farm management practises work together for us to stand out as world-class. It is something to be proud of and something for us to protect.

### WANT TO WORK AT THE 2020 GENERAL ELECTION?

Across the country we need over 20,000 staff to work for us, both on the day and in the weeks before and after at headquarters. We want to ensure that we have paid staff that represent our communities to work in voting places. We are looking to recruit people to work in Amuri Area School voting place on 12<sup>th</sup> and 19<sup>th</sup> of September. No previous experience is necessary as full training will be given.

Staff are paid for both training and hours worked in the voting place. To apply go to <https://elections.nz/jobs/work-at-the-2020-general-election/>

We particularly love having staff from the school we are operating from work on election day – so if you could spread the word amongst your team that would be great.

Also, please remind whanau and friends to check their enrolment details – which can be done here: <https://enrol.vote.nz/app/enrol/#/check-online> and of course to vote on (or before) Saturday 19 September!

### Reading Together Workshop

Dear Parents of Amuri Area School

Following on from our three very popular Reading Together Courses we would really like you to consider taking part in our **Reading Together** workshop programme for parents. I am sure you will find it of great help for yourself and your child(ren), as you support their education. We all know how important reading is for children to succeed. One of the things that really helps children to become good readers is support from home. The **Reading Together** workshops will show you best how to do this. A huge number of parents nationwide have already attended these workshops and found the programme very helpful, indeed we have already run three very successful workshops here at Amuri Area School.

The programme consists of **four** workshops – each 1 hour and 15 minutes. **To make the most of this opportunity it is important that you attend all of the workshops if you can.**

At this stage we are planning on having the workshops on a Thursday evening, but recognise that this term or this day may not be convenient for everyone. For that reason, we are wanting you to phone the school and register your interest and tell us what evening would suit you.

The programme is **FREE!** We can even help with childcare costs if you need it and it will **REALLY** help your children to become much better readers. In particular, it helps children to **UNDERSTAND** what they are reading, and helps you to form strong bonds and make reading a positive family experience.

Please see <https://www.readingtogether.net.nz> for more information and the significant positive research on this programme. We are looking forward to your participation.

Please register by calling our school office or emailing [alison@amuri.school.nz](mailto:alison@amuri.school.nz). Should you need further information I will be happy to answer any questions you may have.

Yours faithfully

Alison Nimmo  
Reading Together Co-ordinator
