# Roydvale School B.Y.O.D Policy

**This agreement covers personal use of laptops, iPads and tablets at Roydvale School**

- All devices brought to school under the BYOD program will be at the risk and responsibility of the owner. The School's insurance policy does not cover loss or damage to devices brought to school. By bringing a device to school under this program, you acknowledge and agree that the school will not have any liability for any damage to or loss of your device.
- Students must understand that it is a **privilege** to be allowed to bring my own digital device from home to use at Roydvale School.
- Students are to understand that the device is to be brought to school under the condition that it is used for **educational purposes only**. Any misuse of the device will result in it being uplifted by the teacher with parents being required to collect this from the teacher before it can be used again.
- **Students will take responsibility for storing their devices away in a locked cabinet** before the beginning of school and during breaks. They will only use them for the purpose agreed upon with their teacher.
- **Students will take responsibility for ensuring that the equipment is not left unattended**, except when it is in our locked classroom cabinets.

- Students who bring their own devices will follow the school's '**Digital Citizenshi Agreement**' which can be found on our school's website.
- Students will be aware that whatever they are searching will be visible through Linewize, which is an access management system. Some websites may be restricted.
- **Parents must support** their children by ensuring that the device is charged fully at home before bringing to school and transporting their devices to and from school safely in a suitable protective case.
- **Parents, help your children to understand these rules.** Sign below to acknowledge that you have read them and spoken with your child about their responsibilities and the school's expectations.
