- And more! Also Talks on Life Skills & Christian Values

Camp Coordinator details: Dave Nicol 027 3512538 [holiday.camps@xtra.co.nz](mailto:holiday.camps@xtra.co.nz)

You should have received a nomination form from your school. Please complete the form and hand it back quickly to your school. The school will then send this to us and we will try to contact you as soon as possible to confirm if you have a place on our free supervised camp. We will then provide further details.

( Due to limited spaces, not all nominations get a place on camp ).

Please note: All staff and volunteers on camp are police vetted.

### CDN Trust

We are a Christian youth agency based in Riccarton and Hornby working with young people aged 10-17 and their families. Some aspects of our services are city-wide in scope such as Kids Camp. We also provide youth camps, a youth drop-in centre, school-based services, social work support and other activities. We want to help young people put their energy toward constructive things that make lives better. The energy, abilities and dreams of young people can be a transforming powerful force for good in our community and our city.

### We are committed to Health & Safety

Camp staff are trained in health & safety as well as leadership skills. We always have at least one leader trained in First Aid at every programme or event.

On the first day of camp we will interview each camper for any current health concerns and discreetly screen them for head lice. In the event of finding signs of head lice we will call home and give caregivers the option of either sending camper home, sending camper home to get treated or having the camper be treated on camp.

Good behaviour and good discipline are important safety principles. If your child behaves inappropriately, we will talk with your child, if the problem persists we will call home so you can be informed and talk with your child. If there are issues which we believe are impacting safety and your child remaining at camp we will call home and have your child picked up as soon as possible.

CDN Trust will endeavour to exercise all due care, we will not be liable for any injury sustained by campers in the care of CDN Trust nor for any loss or damage suffered to any property in camper's possession. In the case of an emergency campers will be responsible for their own property and behaviour while part of this pro-

At Camp Good News every effort is made to give the children a well balanced and enjoyable holiday. All types of games, sporting activities and swimming are provided and carefully supervised. Informal activities and many other enjoyable pursuits are arranged to give the children the best type of holiday we can. Carefully balanced alongside this, within the program, we present Christianity as something that is relevant to everyday living.

If your child is a bed wetter, PLEASE, let your child bring a Macintosh or plastic sheeting to camp, just like you use at home, bring some spare pajamas as well. From past experience we know that sheets and blankets are better than sleeping bags in cases like this. We thank you for your co-operation in this matter.

The camp site is situated on Beach Road,

## Out of consideration for others please do not send unwell children to either programme
