Ashburton College

Individual Excellence in a Supportive Learning Environment

Course Selection for 2020

This is to be done online this year

Starting this year Ashburton College students will be required to select their courses online using SchoolPoint. This is an online programme that assists with course selection, career pathways and (in the future) assessment calendars.

Login: The link for SchoolPoint is https://ashburton.schoolpoint.co.nz/. Your SchoolPoint login is the same as your Kamar Portal login.

On Wednesday 7 August 2019 the site will go live for course selection.

Compulsory subjects: Years 9 – 12 have compulsory subjects attached to them that have been automatically selected for them and will be showing in the 'My Courses' area.:

Course selection: Follow the below link for detailed instructions on selecting your courses:
https://ashburton.schoolpoint.co.nz/information/c850371fda6892fbfd1c5a5b457e5777

Either the parent/caregiver or student can select courses, however it is a three-step process that requires:

· Selection of the course;
· Approval of the course by the parent/caregiver; and
· Confirmation by the student.

In "My Course Summary" you will see what compulsory subjects, if any, have been selected for you and how many more subjects you are required to select. With each year a backup course is required. **Please ensure to select your courses in order of preference and your <u>backup course last.</u>**

SchoolPoint App: A SchoolPoint App is available for free download on both Android and Apple. The App has the same information as the website.

In order to use the App you need to go into SchoolPoint on a computer and follow these steps to generate a token:

· Profile
· Personal Details
· Scroll down to Mobile App
· Click Generate Token (Reset Token if previously used).

This will give you a numeric and alphabetic password/code to access the App. Each time you log out of the App you will then have to generate a new token.

For further information please feel free to contact the office - info@ashcoll.school.nz
