

Wanaka Musicians Society music tuition awards

Wanaka Musicians Society is willing to consider applications in 2023 from educators in the Upper Clutha area for funding to provide additional one-on-one instrumental lessons to students showing an aptitude for performance in music. A maximum of \$1,000 per student will be available and will be paid directly to the teacher delivering the lessons, who must be approved by the Society. The following criteria will apply:

1. The student must be registered with an approved learning provider in the Upper Clutha region, and be recommended by a teacher at that institution.
2. The candidate must have shown shown to the satisfaction of the teacher a better than average aptitude for musical performance, and have the potential, in the opinion of the nominating teacher, to achieve a higher standard of performance as a consequence of receiving additional tuition.
3. In the event that a student withdraws from a series of lessons, the Society reserves the right to re-allocate the balance of funding to another candidate.
4. Decisions on applications for awards will be made by the Wanaka Musicians Society, who will seek advice as necessary from the Head of Music at Mount Aspiring College.
5. All applications received by 5 pm on Friday 17 March 2023 will be considered; thereafter, any funds remaining may be disbursed on an ad hoc basis.
