

PARENT EVENING

# The Developing Brain

with Nathan Mikaere Wallis

***// Inspirational and charismatic, Nathan's ability to translate neuroscience into everyday life engages all audiences. Don't miss out on this opportunity to hear Nathan speak.***

How your brain grows and learns is obviously central to success and well-being, yet it is only in recent years that we have even begun to understand how it works. There are ways we can help our children to develop by simply having an understanding of the brain. Nathan makes this topic easy to understand and uses everyday language to explain the huge power of the early years, the changes happening in the teenage years - and the ways to get it functioning at its best as much as is possible the rest of the time!

**DATE.** Monday September 4, 2017

**VENUE.** Rolleston College Auditorium

**TIME.** 7PM

**This free event is funded by the Cluster Schools. It is for all parents and caregivers from local Early Childhood Centres, Primary Schools and Rolleston College.**
