JOIN US!

The one event you and your whanau should attend this year.

POWA, local Community Response Groups and Emergency Services are collaborating to educate residents and the broader community on emergency preparedness.

The Expo event is designed to help the local communities learn to mitigate, prepare, respond and recover should a disaster strike.

This free event will teach you how to protect yourselves, your whanau and your pets in a disaster.

The information-filled Expo will provide free kai (while stocks last) and feature 14 exhibitors, demonstrations and equipment displays. The Expo is a great opportunity to learn from experts in emergency readiness about how to prepare your family in the event of earthquake, wildfire or other natural disasters.
