SECTION A

INTRODUCTION

The measures to ensure the cybersafety of Queenspark School outlined in this document are based on our core values.

The school's computer network, Internet access facilities, computers and other school ICT equipment/devices bring great benefits to the teaching and learning programmes at Queenspark School, and to the effective operation of the school.

Our school has rigorous cybersafety practices in place, which include cybersafety use agreements for all school staff and students.

The overall goal of the school in this matter is to create and maintain a cybersafety culture which is in keeping with the values of the school, and legislative and professional obligations. This use agreement includes information about your obligations, responsibilities, and the nature of possible consequences associated with cyber-safety breaches which undermine the safety of the school environment.

All students will be issued with a use agreement and once signed consent has been returned to school, students will be able to use the school ICT equipment/devices.

The school's computer network, Internet access facilities, computers and other school ICT equipment/devices are for educational purposes appropriate to the school environment. This applies whether the ICT equipment is owned or leased either partially or wholly by the school, and used on or off the school site.

SECTION B

RULES TO HELP KEEP QUEENSPARK STUDENTS CYBERSAFE

As a safe and responsible user of ICT I will help keep myself and other people safe by following these rules

1. I cannot use school ICT equipment until my parent and I have read and signed my use agreement form (see Section C) and returned it to school.
2. If I have my own username, I will log on only with that username. I will not allow anyone else to use my username.
3. I will not tell anyone else my password. I will not use anyone else's password.
4. While at school or a school-related activity, I will not have any involvement with any ICT material or activity which might put myself or anyone else at risk (e.g. bullying or harassing).
5. I understand that I must not at any time use ICT to upset, offend, harass, threaten or in any way harm anyone connected to the school or the school itself, even if it is meant as a joke.
6. I understand that I can only use the Internet at school when a teacher gives permission and there is staff supervision.
7. **Inappropriate use of private ICT equipment/devices and any internet social networking sites (such as Facebook and Instagram) during out-of-school hours are not the school's responsibility.** However, if implications of such personal use/activity compromises or impacts on student and/or staff safety, well being and work at school then school management reserves the right to intervene with possible disciplinary actions.
8. I understand that the rules in this use agreement also apply to mobile phones and student owned chromebooks. I will only use my mobile phone(s) at the times that I am permitted to during the school day, unless allowed by a staff member in special circumstances.

9. While at school, I will not:
- Access, or attempt to access, inappropriate, age restricted, or objectionable material
