

Room 15 have been having a blast this term! We have had the chance to be coached in basketball and now we are currently doing golf. Earlier in the term we also had our speeches and I was so proud of the children's effort and bravery. In the classroom we enjoy playing and learning new board games. The games are teaching us how to work and communicate well with each other and how to have a positive attitude whether we win or lose. We have just started training for athletics and we are excited for you all to see us compete next term and see how much effort we will have put in.
