

HOMESTAY FAMILIES REQUIRED

With the reopening of the borders, Papanui High School is once again enrolling international students. For this to be successful, we once again need families to take these students into their homes.

If you can offer a warm, friendly welcoming home, with a room which has a study desk for the student, then maybe you are the family we are looking for.

Our students come from both Asia and Europe and for varying periods from 1 term to a full year. Our school excellent pastoral care and homestay families are remunerated fortnightly. If you would like more information please contact me at knm@papanui.school.nz
