THE IMPORTANCE OF FIT

- Every child's foot is different and they continue to develop until they're 18.
- Due to continual growth and development, it's essential to get their feet measured properly every time they need new shoes.
- Every school day is filled with a range of different physical activities.
- The right fit helps performance and reduces the risk of injury and problems.
- With The Athlete's Foot highly trained Fit Technicians, getting the right FIT is easy with width options and 1/2 sizes.
