

MY DREAM PLACE OF LEARNING

What would be the best things
about this place of learning?

Think about: how you learn, what
time you are learning, with whom
are you learning.

What are you focused on and why?

What is the space like and why?

Using sticky notes:

- 1. write down what you would like more of, less of, to keep and to add**
- 2. place them on the chart paper**
