

# GOT A TRADE – GOT IT MADE

Cody's love of practical and hands on experiences runs in the family with his brother already working within the building trade.

After three terms of his gateway placement with Simon Construction Cody knew this is just what he wanted to do.

Later when the opportunity to work for Simon Construction was offered along with an apprenticeship with BCITO it was a dream come true.

"I have no regrets and love doing what I'm doing. I'm learning heaps but have achieved so much already that management are confident to let me just get on with it!"

"Got a trade, got it made" it's simple really!
